But not all risks can be excluded. Fortunately, there is an excellent insurance solution available. Complete and clear!

You want to avoid unnecessary financial risks?

The Expat Policy for Foreign Professionals in The Netherlands offers a complete solution!

It's an exciting time ahead! You are going to live, and perhaps also work, in The Netherlands for some time. A new environment, new people and new experiences. But also: a new language, which will not always be clear to you. And new legislation, new rules and undoubtedly plenty of other surprises.

Protection

Just like at home you will need good insurance to protect you against financial risks. Like the risk that valuable belongings are lost in a fire or are stolen while you are travelling. Not to mention personal liability. And what if you urgently need to travel back home because a relative is seriously ill? Your home insurances have not been developed for your stay abroad so don't expect them to cover the costs.

Solution

Fortunately, there is a complete solution available, especially developed for people like you: the Expat Policy for Foreign Professionals in The Netherlands. It offers you the precise security that you wish because you can compose your own policy, choosing from six different insurances. And of course all information is in clear English.

- **GOUDA SERVICE PACKAGE**

This unique insurance is not available anywhere else! It covers the costs if relatives need to travel to the Netherlands because you are seriously ill or have had an accident. And vice versa. In both cases accommodation expenses are covered as well.

- **PERSONAL LIABILITY**

This insurance covers the costs if you or a member of your family accidentally causes damage to a third party and is held responsible.

- **HOUSEHOLD CONTENTS**

Although Holland is a relatively safe country, we too have burglars. And fires and thunderstorms occur in our country as well. This insurance covers the damage to your belongings.

- **CONTINUOUS TRAVEL**

Both your personal and business trips are covered throughout the year. Coverage includes theft, accidents, legal assistance and adventurous sports. Plus evacuation and repatriation. If you wish you can include cancellation insurance, so that your travel expenses will be refunded if your trip is cancelled for an unexpected reason.

- **PERSONAL ACCIDENTS**

If an accident happens to you or a member of your family this can have great impact. Money cannot undo the consequences but it can be very useful. This insurance provides a sum of money if the accident results in death or permanent disability.

- **PERSONAL LEGAL ASSISTANCE**

Conflicts can always occur. About a product of service you have bought, for example. Or with a neighbour or your employer. Dutch legislation is complex. Fortunately, this insurance offers you the certainty of legal assistance when you need it.

As you can see, the Expat Policy for Foreign Professionals in the Netherlands offers you a complete solution for your stay in The Netherlands. Your independent insurance agent can tell you more about it and will gladly be of assistance to you.
